

environmental policy

Melbourne Market Authority is dedicated to creating a workplace that minimises our environmental impact and supports positive performance through the lifecycle of our operations. To achieve this, we are committed to developing, implementing and maintaining processes which meet the requirements of ISO 14001:2015 Environmental Management Systems (EMS).

Environmental Management System Principals

1	Leadership and Culture	We are committed to protecting the environment by preventing pollution, minimising waste, using resources efficiently, and supporting climate action and sustainable operations.
2	Legal Compliance	We are committed to ensuring we are compliant with all relevant environmental licenses, conditions, laws and regulations relevant to our operations.
3	Worker Engagement	Our leadership will ensure that workers are engaged in matters that affect the environment through effective communication, consultation and participation.
4	Risk Based Approach	We will take a risk-based approach by identifying foreseeable aspects and mitigating impacts that may arise through the delivery of our products and services.
5	Operational Control	We are committed to implementing effective operational controls to manage our environmental impacts and ensure compliance with our environmental objectives.
6	Emergency Management	We will prepare for foreseeable emergency events by ensuring appropriate resourcing, training and response processes to respond effectively.
7	Inspection and Monitoring	We set environmental objectives, monitor operations, and continuously improve our practices. We will analyse and evaluate performance to ensure our systems remain effective.
8	Continuous Improvement	We are committed to continually improving our operations and environmental performance through regular review of our practices and implementing meaningful actions that drive lasting environmental progress.

To support this Policy Statement, we will create, maintain and periodically review measurable environmental objectives and targets that align with our strategic direction. This Policy Statement will be communicated to all employees, contractors and made available to relevant stakeholders. It will be reviewed periodically to ensure its continued suitability.
